Armour Loop Pile Terry Knit Glove - 35cm

Code: COLPG35

Features

- Unit: Pair
- Size: L/XL
- Fabric Thickness: 24oz
- Length: 35cm
- EN 407: X1XXXX

Product Details

Commonly known as the “baker’s glove,” this glove is ideal for low to moderate heat situations – up to 200C. This makes it excellent for baking or manufacturing where there is moderate burn risk. The length of the glove protects beyond the hand, protecting you better than other comparable gloves. The glove itself is made from a thick cotton loop pile.

It is suitable for galvanising and powder coating, where there is moderate heat.

Does this glove sound like something your business needs? Then make sure you order today.

Features and Benefits

- Made of thick cotton loop pile
- Can be used in temperatures up to 200C
- Excellent for baking or manufacturing, galvanizing and powder coating
- Protects wrists
- Fully reversible and ambidextrous
