## Flash Low Voltage Glove Protection Kit - Class 00

Code: GLOVE00-KIT

### Features

- Unit: Pair
- Size: 9, 10
- IEC60903 & NFPA 70E
- Class 00 500V Working Voltage
- CAT2 >10cal/cm2 (Arc Flash)

### Product Details

Introducing the Flash® Low Voltage Protection Kit Class 00, the ultimate safety solution for professionals working in environments with electrical hazards up to 500V. This comprehensive kit is designed to meet the rigorous demands of electricians, technicians, and maintenance workers who prioritise safety without compromising on functionality and comfort.

Crafted by Flash®, a leader in innovative safety gear, this kit encompasses a selection of premium protective equipment, ensuring complete hand and forearm protection against low-voltage electrical risks. The Class 00 designation signifies that each component has been meticulously tested and certified to provide insulation and protection against electrical hazards, ensuring your safety during tasks involving up to 500V.

The Flash® Low Voltage Protection Kit is not just about safety; it's about ensuring that you have the right tools for the job, every time. The kit includes a pair of Class 00 insulated gloves made from high-quality materials for optimal flexibility and dexterity, allowing for precise and safe handling of tools and components. Additionally, the kit features a range of accessories designed to enhance usability and extend the life of your protective gear.

### Features and Benefits

- **Comprehensive Protection:** Class 00 rated gear ensures safety for work involving up to 500V, offering peace of mind for professionals in the electrical field.
- **High-Quality Insulated Gloves:** Designed for maximum flexibility and dexterity, allowing for safe and precise operations.
- **Durability and Comfort:** Each component is made from premium materials, ensuring durability and comfort during extended use.
- **Complete Kit for Convenience:** Includes all necessary accessories for optimal protection and maintenance of your safety gear, ensuring longevity and performance.
- **Trusted Brand:** Flash® is renowned for its commitment to quality and safety, providing reliable protective solutions for professionals across various industries.
