Product Details

<

Introducing the Duty Utility Enforcer Glove – expertly crafted to deliver peak performance, comfort, durability, and precise handling in challenging environments. Precision-engineered with the latest technology, the glove design features anti vibration gel pads and reinforced layers, making it a must have for workers facing heavy workloads.

The DUTY® Utility glove range brings the latest mechanical glove technologies together to ensure optimal performance, protection, and comfort in heavy handling and trade environments. We call this D-TEC. The D-TEC system harnesses advancements in high-performance glove materials and manufacturing techniques to offer a feature-rich hand protection solution tailored specifically for heavy, general, and trade working environments.

Technology Inside

impactTPR

TPR offers flexible impact protection on the back of hand

antiVIBE

Anti-Vibration pads built-in to allow an assured grip and maintain better control

velcroCLOSE

Adjustable velcro wrist closure ensures both easy hand access and a firm comfortable fit
