Cutsafe Kingfisher Concealed Cutter

Code: SKKINGFISHER

Features

- Unit: Each
- Pack Qty: 25
- Carton Qty: 100

Product Details

The CutSafe Kingfisher Concealed Blade Cutter is one of the safest and most effective cutters available on the market.

The cutter's recessed blade reduces the risk of accidental contact with fingers, and its innovative design means it is incredibly difficult to damage package goods while you're working. The soft rubber grip reduces hand fatigue, meaning you can use this tool for longer periods without getting those annoying muscle aches.

It is ideal for cutting through cardboard, boxes, shrink wrap, strapping and bubble wrap. If you're after a reliable cutter that'll speed up work without sacrificing on safety, then you can't do better than the Kingfisher.
