Product Details

Summary

ARMOUR Premium Goat Grain Leather Glove is our newest glove in our low voltage / linesman range of products. This comfortable leather glove features a pull strap and plastic buckle on the back of hand to secure closure over a low voltage rubber/latex gloves which are worn underneath. Over gloves extend the life of latex/rubber linesman gloves and provide the wearer with additional grip and handling. As leather is a natural material, it has excellent flame, insulation and puncture protection so perfect in any low voltage electrical environments.

An optional style with synthetic leather sewn into the palm, thumb area and fingers for additional grip and better wear is also available.

Features and Benefits

- Premium grain goat leather for better dexterity
- Synthetic leather sewn on palm for additional grip in liquid environments
- Strap closure for secure fit
