- Pack Qty: 12
- Carton Qty: 120
- Coating: Latex
- Colour: Yellow
- EN388: 1121
- Liner Fabric: Cotton Jersey

Product Details

Summary

This glove has a cotton jersey lining with elasticised knit wrist that is fully dipped multiple times in yellow latex. The crinkle or wrinkle finish provides for great grip and abrasion resistance. It has good "feel" and as it is fully dipped it is very waterproof in wet conditions making it more comfortable to wear. Also known as the Glass Gripper, as it is ideal if glass handling is required. This glove is used extensively in the shellfish industry for handling oysters and paua due to the glove water protection and grip these gloves provide.
