Product Details

This is our standard high quality leather welding apron. It features adjustable webbing and plastic buckles on the neck, as well as waist straps. That makes it easy to adjust and comfortable to wear. It also includes chalk and a marker pocket around the upper chest area, for easy access.

This welding apron is great for general welding where you need to protect the front of your body. It's commonly used for stone masonry, blocklaying, polishing and cleaning.

If you're after a high-quality welding apron, then this is an excellent option. It's easily one of our most popular products because it offers everything you need at an affordable price. If you're after a decent welding apron, then you need to consider this.
