- Size: S, M, L, XL, 2XL
- Colour: Navy/White
- EN388:2016+A1:2018: 3232
- EN511: 230

Product Details

Designed for harsh winter conditions, the IceKing® Leather Thermal Glove keeps hands warm and protected in temperatures ranging from -0°C to -10°C. With its ergonomic fit and pre-shaped fingers, this glove ensures superior comfort and dexterity, making it ideal for extended use. The soft fleece lining and 3M Thinsulate™ insulation (100 gsm) provide excellent thermal protection without compromising flexibility.

Built to last, the glove features a tough polyester knitted fabric backhand and a durable leather palm with PU-coated reinforced fingertips for added grip and wear resistance. The touchscreen-friendly index finger and thumb allow for easy smartphone use without removing the gloves.

Certified to EN 388:2016+A1:2018 (3232) and EN 511:2006 (230), this glove offers high-level protection against mechanical and cold hazards.
