Product Details

Our Armour Hi Vis TTMC-W17 D/N Rainset is one of the toughest available on the market today. It's made from 210 D polyester with oxford PVC coating. It also has a Water Head Rating of 3,000mm/m²/24hr. The set uses tape and heat-sealed seams, giving you excellent protection against the elements.

The rain jacket is comfortable and versatile. It features a concealed hood in collar with zipper, a full front plastic zipper, and a raglan sleeve with wind cuff. It also features underarm vents, a ventilated cape back, and a drawstring with a toggle on the hem for extra comfort. It's easily adjustable and can be comfortably worn for long periods. The rainpants feature an elastic waist for an easy fit, as well as a fly front with plastic snaps.

The Armour Hi Vis TTMC-W17 D/N Rainset complies with AS/NZS 1906.4:2010 and AS/NZS 4602.1:2011, so you know you're getting the level of protection you need. With this rainset, you and your team will be kept dry.
