Product Details

Armour sell the Bata Safemate and Bison Inca brands of black safety gumboots. Both are hard wearing, heavy duty, flexible PVC gumboots with steel midsole to stop penetration and safety toe. They have PVC/Nitrile soles that are slip resistant and also resistant to solvents, oil, acids, alkalis and fats. They are nylon lined on the inside for easy cleaning. The Bison boots have a kick off spur on the heel for easy removal and 3 trim heights so you can have your gumboots the height you want them. They also have a wide grip tread for optimal dirt release. We also sell white safety gumboots and specialist gumboots for the food industry.
