Protec Chain Mesh Glove with Button Closure

Code: **CMPBC**

Features

- Unit: Each
- Size: XS, Small, Medium, Large, XL, 2XL
- EN 1082-1

Product Details

This is our patented stab-resistant glove, that offers you some of the best protection available on the market today. It's EN 1082-1 certified and is easily one of our most popular products.

The glove features a tried and tested press-stud solution, meaning you are well-protected when you are wearing this glove. The press-stud solution gives you a fast emergency release as well as ensuring the glove fits perfectly to your hand

The glove is convenient as well – it can be fitted for the left or right hand, and features an easy replacement band, meaning no tools are required. It's light and comfortable to wear, so you can have it on for long periods without worry. The glove is also easy to clean and look after, saving you time.

If you're after a reliable stab-resistant glove, then our Protec Chain Mesh Glove was made for you. Order today.
