Blade Cut 5 Foam Nitrile Thermal Glove

Code: _BLC5FNT

Features

- Unit: Pair
- Pack Qty: 6
- Carton Qty: 60
- Size: S, M, L, XL, 2XL
- Coating: Nitrile
- Colour: Black
- Liner Fabric: Loop Pile Acrylic
- EN 388:2016: 4X32D
- EN 511: X11
- Sanitised

Product Details

The new thermal and waterproof glove with a cut level 5 performance. Utilising the latest loop pile acrylic for superior thermal insulation and coated in two layers of flat and foam nitrile for full hand and wrist protection. Both layers of nitrile combine to provide protection from liquids (oil and water) and low level chemicals as well as offering superior grip and abrasion performance. BLADE Thermal can operate in temperatures as low as -10°C to -30°C so ideal in chilla and cool store environments.

Features and Benefits

- Tight knitted UHMWPE mixed liner for windproof & lint free
- Napped loop pile acrylic for thermal isolation
- Full and double dipped nitrile for water, oil and chemical resistant
- Extremely strong abrasion performance
- Keeps hands warm in sub-zero temperatures (-10°C to -30°C)

Application: Cold stores, Warehousing, Mechanical, Automotive, Cold Weather, Construction, Refineries, Machine Assembly, Handling Oily Objects.
