Product Details

MaxiTherm® Natural Latex on a Seamless Acrylic/Polyester Liner with Patented Non Slip Grip. Designed for general handling in wet or dry applications in cold conditions.

Features and Benefits

- Contact heat rated to 250°C for 15 seconds
- Performs in cold environments to -28°C
- Tough and flexible coating of natural latex on a seamless liner
- Brushed liner is soft and comfortable and keeps warm in cold conditions
- Non Slip Grip improves grip performance in wet applications
- Anatomically designed hand shape helps to reduce hand fatigue
- Flat dipping technology improves breathability and reduces perspiration

Applications:

- Cold Storage
- Light hot works
- Farming
- Transport
- Construction
- Forestry
- Off-shore energy
- Airport baggage handling
- Transportation
- Shipping and receiving
- Building materials
- Timber
- Refuse
- Engineering components
