Armour Blue Nitrile Full Coat Glove

Code: NIBLKFC

Features

- Unit: Pair
- Size: XL
- Coating Layers: Double
- Coating: Nitrile
- Colour: Blue
- Liner Fabric: Cotton Jersey
- EN 388:2016: 4111

Product Details

Blue Nitrile double dipped glove with a jersey lining for maximum protection and durability. This means the glove lining is dipped once in the nitrile - allowed to fully dry - and then dipped again to give a second coating. This makes the glove completely waterproof and durable. Nitrile is commonly used as a chemical proof glove as it resists petroleum based products and most other chemicals. This glove has a closed knit cotton wrist to keep out unwanted materials. Also comes with a safety cuff wrist.

Features and Benefits

- Dipped twice in the nitrile to make it completely waterproof and durable
- Nitrile is commonly used as a chemical proof glove as it resists petroleum-based products and most other chemicals
- Ensure maximum protection and durability
- Comes with a safety cuff and closed knit cotton wrist to keep out unwanted materials
