Armour Leather Work Glove

Code: LGWORK

Features

- Unit: Pair
- Size: L
- Colour: Leather/Yellow
- Material: Cowhide
- EN 388:2016: 4233

Product Details

If you're needing a basic work glove that's durable and comfortable, then our Cowhide Work Glove might be exactly what you need.

This glove is an ideal choice for both heavy duty and more light-weight/low intensity tasks, and is suitable for roofing, construction, packaging, carpentry and industrial work. The glove is a great economic choice if you're after something basic but reliable.

It has a full split leather palm, thumb, and fingertips, as well as a wide knuckle bar. The rest of the glove is made from a heavy duty yellow canvas with an elastic strip sewn in to hold the glove on the hand. The glove has a rigid pasted 7cm safety cuff to protect your wrists.

This glove is one level below the Double Palm Glove that is similar in design except the Double Palm has a double layer of leather on the palm, thumb, and forefinger.

If you're needing a basic work glove, then this is a great choice.

Features and Benefits

- Basic Cowhide Work Glove
- Full split leather palm, thumb, and fingertips, as well as a wide knuckle bar
- Made from heavy-duty yellow canvas with an elastic strip
