Armour Leather Driver / Rigger Glove

Code: LGDR

Features

- Unit: Pair
- Size: S, M, L, XL, 2XL
- Material: Cowhide
- EN 388:2016: 2142

Product Details

These are one of our most popular pairs of leather gloves, and for good reason. They combine the best of both cowhide materials. The palm and thumb use soft grain leather, while the back is made from split leather. This makes this glove comfortable, durable, and reliable. It’s also made from “A” grade leather, so you know that you’re getting the best at an affordable price.

These leather gloves are ideal for gardening, DIY, general handling, construction, and trucking.

If you’re needing comfortable work gloves that’ll last for a long time and keep your hands protected, then our Driver/Rigger Glove is a superb choice.

Features and Benefits

- Best cowhide materials
- A soft grain leather palm & thumb with split leather back
- Made from "A" grade cowhide leather
- Comfortable, practical and great value for money
