- AS/NZS 1337:2010
- AS/NZS 1270:2002

Product Details

The Complete Helmet Kit is an excellent value, providing comprehensive head, eye, and ear protection in one convenient package. The helmet features an adjustable snap-back style for a secure fit and includes both mesh and clear visors, allowing you to switch based on your job requirements. This kit ensures you have all the essential protective gear you need for various applications.

The Hellberg SAFE 2 Flex Carrier Browguard To Cap Mount ear muff is designed for straight hard hats with a brim rubber seal, providing superior protection and comfort. This innovative carrier features an extra rubber seal to prevent rain, sawdust, and other particles from entering between the carrier and helmet, ensuring a secure fit. It is compatible with safety helmets and visors, with or without hearing protection, making it versatile for various work environments.

The SAFE steel mesh visor is very robust and suitable for tough working conditions. The visor protects the wearer from large dust particles and gives a comfortable airflow, stays close to your face for superior coverage and ensures stability and balance. The visor is approved to low impact and is suitable for applications such as forestry work and grass/bush trimming. It is designed to be combined with all SAFE carriers, SECURE earmuffs and a variety of helmets for a full above the neck protection.

The Class 5 Mounted Earmuff (EPEMC) is designed to provide top-tier hearing protection in demanding environments. The earmuff features a durable ABS plastic frame, making it resilient to impacts and wear. Its adjustable muff position accommodates various head shapes, while the soft cushions enhance comfort during extended use.

Features and Benefits

- ABS high density shell full brim for added face protection.
- Helmet Mount Carrier for curved hard hats (20901-510)
- Mesh Visor (Low Impact) (20912-001)
- Class 5 Mounted Earmuff (EPEMC)
- Can be sold separately
