Product Details

Armour Safety introduces the Armour® Bell Ear Plug - Uncorded | Class 5, a premium choice in hearing protection. Meeting the AS/NZS 1270:2002 standard and offering a Class 5 SLC(80) 27dB rating, Certified to AS/NZS 1270:2002 with a Class 5 SLC(80) 27dB rating, these ear plugs offer a SLC(80) rating of 27dB, suitable for environments with noise levels up to 110 dB(A). Made of PU (Polyurethane) foam, they're designed to expand and fit comfortably in the ear canal, enhancing protection.

These bell-shaped ear plugs are designed for maximum comfort and ease of insertion, reducing the likelihood of slipping out. Each pair is individually packaged in poly bags for hygiene and convenience. They are intended for single use up to 8 hours, ensuring optimal hygiene and safety. Users should ensure hands are clean before handling, regularly check for damage or dirt, and store them in a cool, dry place. Correct fitting is crucial to prevent injury or hearing loss. Avoid use in environments where cords could pose a risk.

Armour's Bell Ear Plugs combine safety, comfort, and practicality, making them an essential part of personal protective equipment in demanding work settings.

Features and Benefits:

- Integrated neck cord for ease of location when not in use.
- Vibrant colours for visual identification & compliance
- Economical & convenient option for work environments that demand a high degree of comfort, frequent changes or where hygiene presents a problem for re-usage.
- Bell shaped for maximum comfort.
- Design makes it easier to insert & reduces tendency to back out of the ear.
- Disposable earplugs are design for single use - 8 hours max
- Hearing protection for noise levels up to 110 dB(A)
