Product Details

Introducing the Armour® Bell Ear Plug - Uncorded | Class 5, designed for maximum noise protection and comfort. This pack contains 500 pcs of Class 5, AS/NZS 1270:2002 certified ear plugs that offer a SLC(80) rating of 27dB, suitable for environments with noise levels up to 110 dB(A). Made of PU (Polyurethane) foam, they're designed to expand and fit comfortably in the ear canal, enhancing protection.

Key features include vibrant colours for easy compliance identification, bell shape for comfort, and a design that makes insertion easy and reduces slippage. Intended for single use (up to 8 hours), these ear plugs are lightweight, non-toxic, non-irritating, and easy to carry.

For safe use, always handle with clean hands, inspect for damage or dirt, and store in a cool, dry place. Proper fitting is crucial to prevent injury or hearing loss. These ear plugs are an economical and convenient choice for high-comfort environments where hygiene is key.

Features and Benefits:

- Vibrant colours for visual identification & compliance
- Economical & convenient option for work environments that demand a high degree of comfort, frequent changes or where hygiene presents a problem for re-usage.
- Bell shaped for maximum comfort.
- Design makes it easier to insert & reduces tendency to back out of the ear.
- 500 pcs of disposable earplugs designed for single use - 8 hours max
- Hearing protection for noise levels up to 110 dB(A)
