

Hellberg Xstream MP Helmet Earmuff - Class 5

Code: 48112-001

Features

- Unit: Pair
- Pack Qty: 1
- Carton Qty: 10

Product Details

Introducing the Hellberg Safety Xstream MP Helmet Mount – a revolutionary solution that redefines auditory protection. This electronic hearing protection device, integrated with Multi-Point Bluetooth technology, ensures seamless phone calls and music streaming. With the ability to pair two phones simultaneously, Xstream MP offers unparalleled connectivity, ideal for work and personal needs.

Designed to elevate your auditory experience, Xstream MP outperforms its predecessors, the Xstream and Xstream LD models, in sound quality. Boasting an extended battery life of up to 80 hours, this advanced device incorporates a noise-cancelling boom microphone for clear communication even in extreme noise environments. Active listening microphones in each earcup enhance directional hearing, preserving natural sound and enabling crucial communication and alerts.

Experience the pinnacle of auditory protection with the Hellberg Safety Xstream MP Helmet Mount, offering supreme sound quality, connectivity, and safety.

Features and Benefits:

- Innovative electronic hearing protection device with Multi-Point Bluetooth technology.
- Simultaneously pair two phones for enhanced connectivity.
- Extended battery life of 80 hours for prolonged usage.
- Noise-cancelling boom microphone guarantees clear communication in extreme noise environments.
- Active listening microphones maintain natural sound and directional hearing for essential communication and safety.
