3M Scotchlite Reflective Tape 50.88mm X 100mm

Code: 8910

Features

- Unit: Roll
- Pack Qty: 1
- Carton Qty: 12

Product Details

Elevate your visibility and safety in low-light and nighttime conditions with 3M™ Scotchlite™ Reflective Material - 8910 Silver Fabric. This versatile material is certified to meet global high visibility standards, including AS/NZS 1906.4, ensuring your safety on the job. The backside is printed for authentication, assuring you of its quality and origin. Whether you're working on outerwear, accessories, or specialty applications, this material enhances visibility for added safety.

Crafted from a blend of 65% polyester and 35% cotton, this reflective material is not only durable but also designed for sew-on application. Its wide-angle retroreflective lenses direct light back to the source, ensuring visibility even after home washings. With an initial coefficient of reflection of 500 and a minimum of 100 after washings, it offers long-lasting performance.

Choose 3M™ Scotchlite™ Reflective Material - 8910 Silver Fabric for reliable safety, versatility, and durability in various applications. Trust in 3M™ quality for your reflective material needs.

Features and Benefits:

- Certified to global high visibility standards, including AS/NZS 1906.4.
- Backside printing for authentication.
- Suitable for sew-on application on outerwear, accessories, and specialty applications.
- Durable blend of 65% polyester and 35% cotton withstands home washings.
